Bette Berlin Cycle Route

34.0 km
556 m elevation

The Bette Berlin Cycle Route takes you through an area where nature and history meet. Along the way, you will cycle past several historic sites that tell the story of life and events in the area during the Second World War.

At the same time, the route offers scenic stretches with beautiful landscapes, peaceful surroundings and varied nature. It makes for a cycling trip with both nature experiences and fascinating stories from the past.

Before the route continues towards places such as Bette Berlin, Madum Sø, the railway sabotage at Store Økssø and Skørping Private Hospital, it is well worth visiting the three memorials in Rebild Bakker: Flyverstenen, Tyskerstenen and the listening post at Sønderkol.
