Forst. Gran & Kovadsbæk Comb. Route

25.7 km
551 m elevation

The Forstrådens Gran & Kovadsbæk Combined Cycle Route takes you through a varied landscape around Rebild Bakker, Rold Forest and Gravlev. The route starts and ends at RebildPorten and combines two cycle routes into one longer trip with forest, hills and open landscapes.

Along the way, you mainly cycle on cycle-friendly gravel roads and pass places such as Store Økssø, Forstrådens Gran, Kovadsbæk, Ravnkilden and Gravlev Lake. This makes for a varied cycling trip with peaceful forest stretches, views and good opportunities for breaks.

At 25.6 kilometres, the route is ideal for those who want a longer cycling trip in the Rebild area. The route can be ridden on a regular bike, but also includes climbs and varied terrain, giving you an active nature experience along the way.
